## Events & Private Dining

“*rhubarb*” food design is delighted to offer this unique and stunning venue for private dining and events. We are proud to be providing food at the Saatchi Gallery restaurant, bar & café at Duke of York’s HQ in the heart of Chelsea. Both the restaurant, bar & café and the outside terrace are breathtaking spaces available for events. Upstairs we also have a superb 800 sq foot private dining room called the Mess Room, where we can create events, receptions and dinners for between 10 and 70 people.

The space features some of the Gallery’s contemporary art and, as always, “*rhubarb*” will be serving a delicious selection of food options – all freshly prepared, cooked and served to the highest standards. Please contact us to find out more about events at Gallery Mess, to see our menus, or to arrange a viewing of the space.

*Just want to say a big thank you to you and your team for looking after us. The day ran seamlessly, with everyone leaving very happy. The service, room and lunch was great.*

*Thank you again for your wonderful service!*

*The dinner brought together key decision makers... attended by our MP, Oliver Letwin, Lord Browne, Professor Iain Steward and other key supporters. We all really appreciated your interest and attention to detail which combined with the excellent food made for a very convivial, relaxed, enjoyable and successful evening.*

**Lyme Regis

*The event was very successful and the feedback was extremely positive so thanks to you and your team for all you did to make the event work for us.*

## Gallery Mess

With its exposed brickwork, vaulted ceilings and display of art, the listed interior provides the perfect location for dinner, a long leisurely lunch or drinks. The seasonal menu and extensive bar selection is provided by award winning caterers *“rhubarb”* food design.

The restaurant also benefits from a wonderful al fresco terrace, all of which can be hired exclusively for private events.

“  
*With its enviable Chelsea location, listed interior with vaulted ceiling, and terrace overlooking Duke of York Square - Gallery Mess is a grown up operation, every bit as slick and assured as Saatchi’s meteoric career... dishes are artfully presented (of course), but there’s substance to this style: a new ‘sensation’, perhaps.*
