We Are Delighted To Have Two Wine Preservation Systems

Our dispensing system allows us to open bottles and keep them in perfect condition for up to four weeks (though who ever manages to make a bottle last four weeks? We don't!) This allows us to constantly rotate and offer more wines by the glass. How we choose these is up to our mood, the whether or our chefs' specials at that moment. Winespiration can come from anywhere.

The Coravin system effectively lets us enjoy wines without ever opening the bottle. The argon which pushes the wine out and into your glass is inert so has no effect on the wine, meaning we can keep sharing these wines over a long time whilst still preserving them. It's a fantastic way to try exquisite wines, or create your very own mini pairing flight.
