<i>Chardonnay 100%</i>	28	BRIDE VALLEY 12.0% vol	<i>England</i>	2016	85.50
		Blancs de Blancs, English Sparkling Wine			
		Steven Spurrier (arguably the most influential British wine writer) and his wife Arabella, noticing the similarities of the chalky soil on Arabella's farm in West Dorset with that in Champagne, took up the challenge of producing Sparkling wine. They sourced the finest clones of Chardonnay, Pinot Noir, and Pinot Meunier and have planted 10 hectare on the most exposed south-facing site. The 2011 vintage was the first harvested and it was an instant success. The 2016 Blanc de Blanc has notes of white flower and spring-like freshness on the nose with citrus elements and a hint of dry honey. Great purity of fruit on the palate showing a light creaminess at first contrasting to a taut Granny Smith acidity on the finish. A true reflection of Bride Valley's chalky Kimmeridgian soil.

Vernaccia di San Gimignano, an indigenous grape variety, is one of the few whites produced in Tuscany, often overlooked. This estate, in between Florence and Siena, was founded in 1965 by Elisabetta and Sergio Fagioli and farmed on a strictly organic/biodynamic basis. The 38 yr old vines are harvested manually and the wine is called "Fiore" because it is made from the "free-run juice" collected before the de-stemmed grapes are pressed. The wine expresses its terroir well, with lovely lemon zest aromas, dry and crisp with a minerality that tingles the palate, notes of green apple and roasted nuts with a clean, lingering finish

Drive and meticulous perfection are key to achieving excellence, and these qualities shine through here, combined with great talent. From Vigna delle Oche, two selections are made; the first grapes to ripen make up the basic blend, whereas the late ripening ones (late October) are used to make the Riserva. This has more perfume, extract and minerality, crucial in the two-year ageing process. The wine stays on its lees for up to 2 years before bottling. One of the great Verdicchio, it has ability to age for up to 20 years, the wine has a creamy richness with note of peach and apricot, ripe mouthcoating fruit and a long finish

Their approach has been an entrepreneurial example for winemaking in Abruzzo. This Trebbiano, sourced from the best grapes of 2 small vineyards, San Silvestri and Ripa Teatina, is aged for 22 months in barrique; it has great intensity and richness, flavours of apricot and peach, with notes of lemon and marzipan, backed up by spices, minerals and vanilla notes. Chardonnay 100%	141	PASSO BIANCO IGP 13.0% vol Passopisciaro	Sicilia	2017	87.50
<p>Andrea Franchetti (see Bin 342) took on a new challenge in 2000. He reclaimed abandoned terraces on Sicily's volcano. As well as reviving the old vineyards planted with Nerello Mascalese, he tried international grape varieties; 4 hectares of Chardonnay on steep terraces between 850 and 1,000 meters in the contrada of Guardiola. The drastic changes in temperature, altitude, and volcanic influences of Etna produces a wine with the crisp acidity and minerality often associated with Chablis and with the tropical aromas of Sicily. The wine is citrusy with forward fruit, a saline backbone and hints of pear and honey. The fresh acidity and lovely minerals give the wine an unmistakable Etna identity</p>

Dramatic variations in temperature between day and night create a unique microclimate. Pietramarina is a vineyard with 80 yr old pre-phyllixeracarricante vines on terraces at 950m. At this altitude, the grapes ripen in the 3rd week of October (later than in Champagne), resulting in a special intriguing wine; fermented in stainless steel tanks, it is delicate, yet intense, building up on the palate with fresh mint, spring flower and minerals reminiscent of a Grand Cru Chablis; it is richly textured, complex and elegant leading to a dry, crisp finish

		Az Agricola Valentini			
		Valentini Estate is considered to be one of the country's top dozen wine estates on a par with Gaja, Giacosa, Quintarelli, Giacomo Conterno among others. It can be traced back to an aristocratic Spanish family that moved to this area in 1600. Edoardo Valentini, started making wine in 1956 until he passed away in 2006; his approach to winemaking has always been shrouded in secrecy and mystery; what we know is that he only makes three wines from their 60 hectares, only made in good years and only a fraction of the crop is selected to make the wines the rest is sold off. Valentini's son Francesco Paolo now continues his father's legacy. The approach here is very traditional with little intervention and no chemicals and aging in large botti. The wine has a complexity not unlike that of a fine white Burgundy; notes of lemon, lightly smoky backed by flavours of apple and straw with a long, dry saline finish			
<i>Sauvignon Blanc 70%</i> <i>Viognier 30%</i>	131	ORNELLAIA BIANCO IGT 13.5% vol	<i>Toscana</i>	2015	340.00
		Tenuta dell' Ornellaia			
		Estate winemaker and director Axel Heinz has created a white wine deemed worthy of the Ornellaia name; it started by chance in 2006 after trying some white wine fermented just a few days previously, made from Sauvignon Blanc that had resisted grafting onto Merlot. There is a rarity factor, as only 4,000 bottles were produced (200 released in the UK), 2013 its first vintage. The wine is reminiscent of white Bordeaux, yet has something distinctive and uniquely Italian with its savouriness transcending the combination of its 2 grape varieties; this can only be put down to terroir. Golden in colour, it has rich mouth-coating fruit with notes fresh and dried apricot, white peach and lychee; smooth, multi-layered and elegant, backed up by a mineral vein and fresh acidity giving the wine balance and complexity

This Vino Nobile is made from 80% Prugnolo Gentile (clone of Sangiovese), with the balance from Canaiolo and Mammolo. The aim of the producer is to have wines with concentrated flavours and extracts by restricting yield per hectare and careful selection of grapes. Capezzana

ContiniBonacossi, an aristocrat family has been at Capezzana since they moved from Spain in the early 1900's. The estate took shape in 1945 at the helm of Count Bonacossi, when the Carmignano subzone was grouped with Chianti Montalbano, a lesser appellation.Count Hugo succeeded in obtaining the DOC for Carmignano in 1975, a precedent having been set by Cosimo di Medici in 1716, who had conceded production from this area under the name of Carmignano, the first example of a controlled appellation. In the last ten years, the new generation has taken the wines to further heights, with stricter selection of the grapes. A blend of Sangiovese and Cabernet Sauvignon, (as in Cosimo di Medici concession), the wine is deep red, with ripe black cherry and currant aromas, notes of leather, chewy, soft tannins and a clean, refined finish

Giovanni Manetti has shaped the Fontodi Estate into one of the most outstanding in Chianti Classico producing world class wines such as Flaccianello (Bin 346)and Gran Selezione Vigna del Sorbo (Bin 266). He has achieved this thanks to his inquisitive mind and never resting on his laurels. Dino is his latest on-going project; made with a selection of Sangiovese grapes vinified and aged in terracotta amphora (made by the Manetti family). This is a remarkable wine possessing a pure grapey Sangiovese flavour; a silky texture with an explosion of pungent red cherry fruit, savoury herbs, blood orange, plum and lavender give this wine its bold personality

The approach is of controlled tradition with 4 weeks maceration, ageing in large Slovenian oak casks; the result is a wine that combines purity, power and finesse; with bold aromas of black cherry, violet and mint and notes of leather, the wine has refined, clean fruit and supple, ripe tannins, with a smooth, elegant finish

In 2005 Sandro's son Filippo Chia joined the business, and together with his father, they have built the reputation of this outstanding Brunello using low impact agricultural practices and sustainable choices where possible. Here winemaking is focussed to produce elegant and fragrant Brunellos. After a long controlled maceration the wine spends 24 months in oak barrels and 12 month in bottle before release. This wine nails that sweet spot between elegance and power that is not easily achieved. It offers an expanded array of Sangiovese flavours with wild cherry, forest floor, crushed clove and medicinal herb; plump density and a velvety texture	2015	130.00

Since 2002 she started implementing biodynamic principles which were certified in 2005. The 6 hectares of vineyards were replanted in 1999 and 2002 at high density with selected Sangiovese clones. Stella has built a model estate with drive and passion, and today produces some of the most outstanding Brunellos in Montalcino. Inspired by Gianfranco Soldera, she follows a non-interventionist approach and lets nature take its course. Fermentation starts with natural yeasts and minimal sulphur. The wine is transferred by gravity into oak casks where it ages for 45 months. 2011 was a hot vintage so the grapes were selected bunch by bunch, discarding any dried or shrivelled grapes. On the nose it has notes of candied red cherry, sweet spice, rose petal and minerals; then surprisingly linear, fresh and juicy; noteworthy floral lift and woody sweet spices complement the vibrant cherry and red berry flavours. The historic Nervi Estate bought by Roberto Conterno (of Giacomo Conterno Bin 492) sits on one of the most complex minerally-rich soils in the area, ideal for the Nebbiolo grape. 2015 is the first wine released under the Conterno label. To raise standards no single vineyard was bottled in this vintage, but instead the best barrels of the best sites were blended. The style is a very traditional one with maceration of up to 4 weeks and aging for up to 40 months in old barrels. The wine, layered with sweet fruit has notes of raspberry, tobacco and dried herbs. 		Founded in 1890 by Giuseppe Ferrando, it was in 1957 that his grandson, inspired by Barolo and Barbaresco, began to make wines from the Nebbiolo grape, naming it Carema after the small border town. In 1967, the wine was awarded DOC status. Carema is one of the rarest DOC wines in Italy. With only 17 hectares of vineyards divided between 78 part-time farmers, it is a cottage industry at risk of extinction. Only two wineries make this wine: the cooperative and Ferrando the founding father. Carema has the most extreme terroir of all the northern Nebbiolos, making it amazingly subtle and complex with delicate red fruit, sweet aromas and minerality. This cuvee has a sweet floral nose of redcurrant, bay and fern, tangy intensity on the palate, fine tannins and huge length with both a fruity and salty mineral finish

Molsina is a 12 hectare south-facing vineyard, an amphitheatre of iron-rich soil and one of the finest sites in Gattinara. 		Established four generations ago in 1870, in the centre of the old village at the foot of the majestic medieval tower, this small family business is one of the oldest wineries in Barbaresco. With only three hectares of vineyard, tended by Susanna Bianchi, Pora is one of the historic cru of Barbaresco. It produces fleshier wines due to the proximity of the river Tanaro. Full bodied with notes of tar and liquorice, its layers of red fruit are backed by round silky tannins. This is a fleshy and elegant Barbaresco with remarkable purity

Its marl and sandy soil allows for wines with an incredible elegance and finesse, making the wines approachable even at a younger age. This vintage has produced a bold and generous wine; dark cherry, plum, spice, leather, smoke and liquorice run through this decidedly ample Barbaresco

The 2011 Riserva went through a rigorous selection of the best parcels from this 2.5 hectare, SSW facing vineyard. Only 30% made it into the final blend. 		Luca Roagna		
		A decidedly unconventional producer in Piedmont, the family owns 12 hectares of choice parcels in the historic Barolo and Barbaresco vineyards, planted with old Nebbiolo clones, producing wine with little colour but great aromatics. With a traditional approach, late harvest and long maceration with skin of up to 60 days, each cru is aged according to the wine's potential, and bottled when ready, irrespective of chronological order, which makes sourcing Roagna's wines tricky. "Faset" is a historic cru, close to Asili which produces incredibly elegant wines. 2013 was the first vintage of this wine, a small parcel of wines that Luca and Alfredo rent. Intense spice and tobacco notes meld into dark red cherry fruit in this wonderfully open-knit, expressive Barbaresco. Supple, silky and elegant with a long finish

They believe in blending all the cru to produce a wine that conveys the true varietal character of the grape in all its purity and refinement. Fermentation lasts 25 to 30 days, with ageing of the wine in medium to large Slovenian oak barrels. <i>Nebbiolo 100%</i>	490	BAROLO Ravera DOCG 14.5% vol Vietti Patriarch Mario Vietti made his first Vietti wines in 1919, selling most of the production in Italy. His most significant achievement was to transform the family farm into a grape-growing and wine-producing business. In 1952, Alfredo Currado (Luciana Vietti's husband) owning some of the finest sites in the area started bottling single vineyard Barolos, one of the first to do so. Under the guidance of Luca (Alfredo and Luciana's son) and his wife Elena, the winery has established itself as the source of some of the most outstanding Barolos. The Ravera is a southwest facing vineyard made up of clay and sand especially rich in iron, which allows to produce some great long lived wines. Vietti 's 2.7 hectares is planted with up to 60 years old Nebbiolo vines. The 2011 Ravera is bright, focused and silky. Under his stewardship, the wines have gained in intensity and precision and are now the ultimate cult wines. 		One of the oldest Barolo houses founded in 1881, it was in 1904 with the purchase of the Monprivato vineyard that that its reputation began to take shape. Maurizio, the original founder's grandson is now in charge, having worked alongside his father, and raising standards further, by vinifying each cru separately to highlight the different terroirs. It is a very traditional approach with long maceration and ageing in large <i>botti</i> . Barolo Monprivato has for a long time been a benchmark Barolo and one of the finest wines in the world. Although expensive, it is good value compared to Bordeaux and Burgundy. The 2010 has incredible purity of flavour, with intense, penetrating notes of rose petal and violet; the abundant, sweet fruit of strawberry and raspberry masks its firm tannic structure

The 2010 was the first vintage of Ceretta that Roberto bottled and only 2000 magnums were produced. <i>Nebbiolo 100%</i>	491	BAROLO Brunate Le Coste DOCG 14.0% vol Giuseppe Rinaldi Giuseppe Rinaldi owns two of the finest vineyards in Barolo. One of the most respected Barolo producers, he is becoming an iconic figure in Piedmont. Unaffected by trends, he is a traditional winemaker, who has followed in his father's footsteps, using the technique of long maceration, which is dictated by the vintage, and ageing in large oak casks to preserve the Nebbiolo grape flavour. The Brunate has a floral nose, is rich and full-bodied, with notes of violet, leather and spice. Well-polished, chewy tannins give way to complex layers of persistent fruit	2007	420.00

Conteisa 2008 boasts the most striking inner sweetness and perfume imaginable. Juicy red cherries, spices, hard candy and mint caress the palate in this extraordinary, breathtaking wine. <i>Nebbiolo 100%</i>	510	BAROLO Cerequio DOCG 14.5% vol Voerzio Roberto Voerzio started in 1986 with 2 hectares of vineyard in La Morra, and slowly acquired more land, building a 20 hectare estate with some of the finest cru. Now a legend, he is much talked about for his controversial approach to winemaking. His philosophy is all about the vineyard where yields are some of the smallest in Langhe and no chemicals are ever used. Generally perceived as a modernist, he sees himself as a modern traditionalist; label aside he is a true craftsman who works with nature so that the vines will produce the best possible result. Roberto has been the ambassador of La Morra wines and the benchmark for its winemakers. Due to its marne-clay soil, the wines have great elegance and perfume supported by a powerful structure. The Cerequio has an intense perfume with violets and rose petals, multilayered sweet cherry, and redcurrant, silky and refined with sweet finely grained tannins. Today, the estate is the source of some great wines (see bin No 352). Muffatodella Sala is produced from late-harvested botrytised grapes. The wine is aged for 6 months in French oak casks. The wine tastes of ripe succulent pear, jasmine, honeysuckle and spice, medium weight, sweet, elegant and refined with a lovely balanced finish. Muffatodella Sala is made from a Sauvignon, Grechetto, Traminer and Riesling	<i>Umbria</i>	2013	82.50
<i>Picolit Sauvignon Blanc Verduzzo</i>	906	VOLA VOLA DOC 12.5% vol Le Vigne di Zamo' 37.5 cl The Zamo' Vigne, a family-run 65 hectare winery is located in north-east Italy in the province of Udine. The great advantage of the estate is that it draws on 3 different terroirs: Rosazzo, Buttrio and Rocca Bernarda. A beautiful blend of Picolit, Sauvignon and Verduzzo, this is a well-balanced Passito that shows structure, persistence and long, lingering fruity aromas. The finish is smooth, sweet and rich	<i>Friuli</i>	2007	76.50
<i>Trebbiano S. Colombano</i>	907	VIN SANTO DOC RISERVA 13.5% vol Capezzana 37.5 cl Tenuta di Capezzana, owned by the Contini Bonaccossi family for generations has taken a major step forward with the appointment of Stefano Chioccioli in 1998, bringing the quality of its wines to new heights. This is particularly evident in its excellent Vin Santo, one of the finest examples produced at the moment. Vin Santo, literally translated as "holy wine", is made using the appassimento method, (drying of the grapes); the wine is aged in casks without stoppers to allow natural oxidation. Amber in colour, it has an aroma of roasted hazelnuts, nutty complex flavour, sweet with a dry finish; a very special wine	<i>Toscana</i>	2009	83.50
<i>Primitivo 100%</i>	908	PRIMITIVO PASSITO DOP 14.5% vol Attanasio 50 cl In producing this wine, Giuseppe Attanasio (see Bin No 249) wanted to continue a family tradition of producing a special wine for special occasions. Only produced in particularly dry years, the overripe grapes are sourced from a 90 yr old vineyard and left to dry for an extra 14 days. Full-bodied and rounded, revealing an enveloping softness, the wine is characterized by well-balanced acidity and perfectly ripe tannins. It has fantastic concentration with notes of cherry jam, prunes and dark chocolate with great depth; complex with a long, lingering finish	<i>Puglia</i>	2011	86.50

Vespaiolo 100%	913	TORCOLATO IGT 13.5% vol Maculan 37.5 cl Fausto Maculan, a pioneer of quality winemaking in Veneto, started in the late 70's by visiting all the wine regions around the world. When he took over his father's business, he embarked on a program that was to transform his winery and inspire others. Torcolato is made from the Vespaiola grape (so called because its sweet berries attract wasps), carefully dried for 5 months. The wine is aged in barriques, one third of which are new, for 12 months. Pronounced flavour of honey and wild flowers, sweet without being cloying, fresh acidity with a lingering vanilla finish	Veneto	2018	57.50
Corvina, Rondinella, Croatina, Sangiovese, Oseleta, Corvinone	914	RECIOTO DELLA VALPOLICELLA DOC 13.0% vol Le Pergole Vece Le Salette 50 cl The Scamperli family own 20 hectares of vineyards in 4 different districts of Valpolicella Classico. Franco is a great believer in how the terroir is expressed in the wine. La Pergola Vece is only made in exceptional vintages when the best fruit of 3 vineyards is selected; the grapes are dried for 6 months before vinification. The wine spends 12 months in barriques, 18 months in terracotta amphorae and 6 months in bottle. This is one of the best expressions of Recioto; the wine displays aromas of dried fruit, fig and deeper, darker flavours of chocolate, coffee and liquorice; sweet and savoury with mineral notes. Layered and complex.	Veneto	2011	77.50
Chenin Blanc 100%	915	COTEAUX DU LAYON Apres Minuit 11.0% vol Domaine de la Courd'Ardonnay 50 cl This is Patrick Baudouin's top cru and masterpiece. Muscadelle 50% Semillon 50%	916	LA GRAVIERE CUVÉE Madame 12.5% vol Chateau Tirecul 50 cl This Monbazillac has surprised the critics the world over, achieving an astonishing 100/100 from R. Parker, placing it above Ch. D'Yquem. Bruno Bilancini took over this property in 1992 and transformed its method of producing wine with the introduction of low yield and careful grape selection. The cuvee Madame is only made in exceptional years, where selected grapes from its oldest vines are vinified separately to produce 3 or 4 barrels. The wine is extremely rich, extraordinarily complex and high-toned and will keep evolving on your palate for a long time	France	1996	180.00
Chenin Blanc 100%	918	VOUVRAY Cuvee Constance 11.5% vol Gaston Huet 50 cl A 35 hectare run by Noel Pinguet on biodynamic principles, the wines are an expression of terroir and vintage. <p>Furmint 50% Harslevelu 40% Muscat de Lunel 10%</p>	<p>917</p>	<p>TOKAJI 6 PUTTONYOS ASZU Mezes Maly 9.0% vol Royal Tokaji Wine Company 50 cl</p> <p>The history of Tokaji dates back to the 16thC, when wine made from Aszu (botrytised grape paste) was first recorded. It also claims to be the first historic wine controlled appellation, (in 1730 the vineyards were categorized according to soil, sun exposure botrytis potential.) By the 19thC, Tokaji had become fashionable enjoyed by popes, tsars, emperors, European aristocracy as well as writers and actors. Its decline started when production and distribution was controlled by the communist state, when vineyard classification became irrelevant and vinification was standardised. Since 1990 with the collapse of the communist regime, the fortunes of Tokaji have been revived; thanks to privatisation of wineries and foreign investment it now produces some of the greatest dessert wine in the world. This vineyard, classified as a Premier Cru Classe in 1700, recognized as the finest of the classified vineyards is jointly owned with the British Wine writer, Hugh Johnson. Enjoying a renaissance of its own, it now produces one of the best expressions of this wine. Great intensity and layered with apricot jam and orange marmalade fruit, this is a multidimensional wine with great concentration and sweetness balanced by remarkable fresh acidity; and a lingering minerality that leads to a complex finish</p>	<p><i>Hungary</i> 1999 195.00</p>
<p><i>Corvina Rondinella</i> <i>Cabernet Nebbiolo</i></p>	<p>919</p>	<p>RECIOTO DELLA VALPOLICELLA DOC 14.5% vol Quintarelli 37.5 cl</p> <p>(See Bin No 385) Giuseppe Quintarelli is a law unto himself; his approach to winemaking is traditional; an uncompromising perfectionist, he crafts each wine and vintage according to its potential. The wine has an explosive richness, layered with an array of flavours: black cherry, prune, chocolate, liquorice, coffee bean and spice. Its sweetness is balanced by rich minerals and velvety tannins, giving the wine elegance and finesse; expansive with an unforgettable finish</p>	<p><i>Veneto</i> 2001 347.00</p>
<p><i>Corvina 60%</i> <i>Rondinella 20%</i> <i>Croatina 10%</i> <i>Oselata 10%</i></p>	<p>920</p>	<p>VIGNA SERE' IGT Passito Rosso 14.0% vol Romano dal Forno 37.5 cl</p> <p>Vigna Sere' is one of the most extraordinary dessert wines in the world. Made in the Recioto della Valpolicella style, it cannot be sold as DOCG because it is atypical, but then Dal Forno is not your typical winemaker. Inspired by the late Giuseppe Quintarelli, in the quest of perfection, he has evolved his own winemaking style controlling each stage from vineyard to bottling. Only made in great vintages from the finest grapes of old vines, it is aged for 36 months in new barrique, 2 years in bottle and then released. This is an opulent super-rich wine with incredible density; masses of ripe fruit layered with flavours of orange, chocolate, roasted coffee and dark cherry, backed by silky tannins, giving the wine balance and freshness</p>	<p><i>Veneto</i> 2003 355.00</p>
<p><i>Semillon 80%</i> <i>Sauvignon 20%</i></p>	<p>922</p>	<p>1ER GRAND CRU CLASSE' SAUTERNE 13.5% vol Chateau D'Yquem 75 cl</p> <p>Ch. D'Yquem is a world-famous wine. Classified a premier grand cru classe in 1855, its name has always symbolised the ultimate decadent luxury, with unlimited longevity; vintages from the 1800s can still be found on some restaurants wine lists. The property was in the Lur-Saluces family since 1785 until recently. The legend of the Chateau lives on and the wine is still made in the same traditional way. Expert pickers pick only botrytised grapes with a sugar content of 22 Beaufort. The wine is aged in wood cask for 3 years before being bottled. Production/hectare is between 12-14 hectolitres and very labour-intensive, whereas a Grand cru classe in Pauillac can produce 3 times as much. To drink Ch. D'Yquem is a memorable experience</p>	<p><i>France</i> 1989 775.00</p>
