BERKELEY  
SQUARE

MAYFAIR | LONDON W1

44 Berkeley Square is a beautiful new late-night venue situated in Mayfair and housed in the former home of the world's most famous nightclub, Annabel's. This new space is synonymous with glamour, elegance and luxury, and filled with history and heritage.

Originally designed and opened by Mark Birley in 1963, the decadent interior of 44 Berkeley Square has changed little over the years and harks back to a cherished, bygone era. A distinguished collection of paintings, drawings and posters adorn the walls and every corner has a different story to tell. The journey, from descending the famous staircase, through the bar, past the Buddha Room, into the restaurant, up onto the secret terrace and finally finishing on the dance floor is legendary and like no other.

44 Berkeley Square, available for exclusive hire, is an exquisite place in which to entertain, whether it be a private celebration, luxury launch or gala dinner.
