The space offers guests some of the best uninterrupted views in the capital, showcasing the Thames, Tower Bridge and much more.

It is the perfect venue for corporate and private events as well as being an iconic spot to host your wedding celebrations. During the warmer months, the venue's glass doors open to create a sense of alfresco dining, while during the winter the floor-to-ceiling windows offer unrivalled views over the Thames.

Blueprint has a contemporary feel offering a flexible open space. Located only 15 minutes from London Bridge the venue is well connected with local transport, your guests could even arrive by boat.
